

Instructions on How to Start Your Zoom Video Call from a Computer

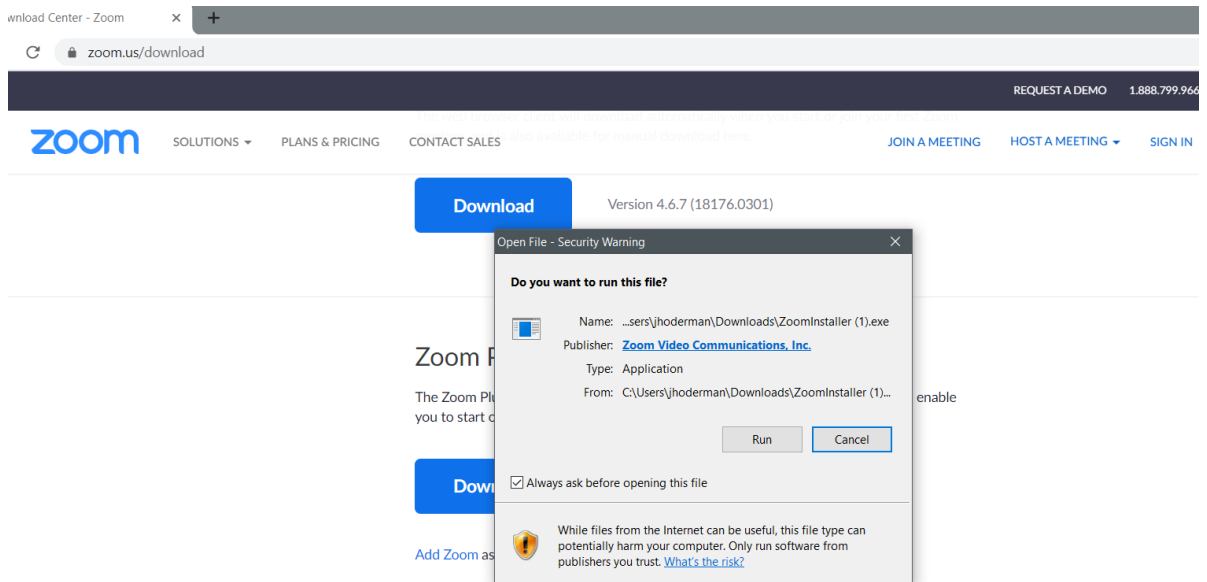

- 1) Download Zoom using this link: <https://zoom.us/download>
- 2) Click on the blue "Download" button as seen below:

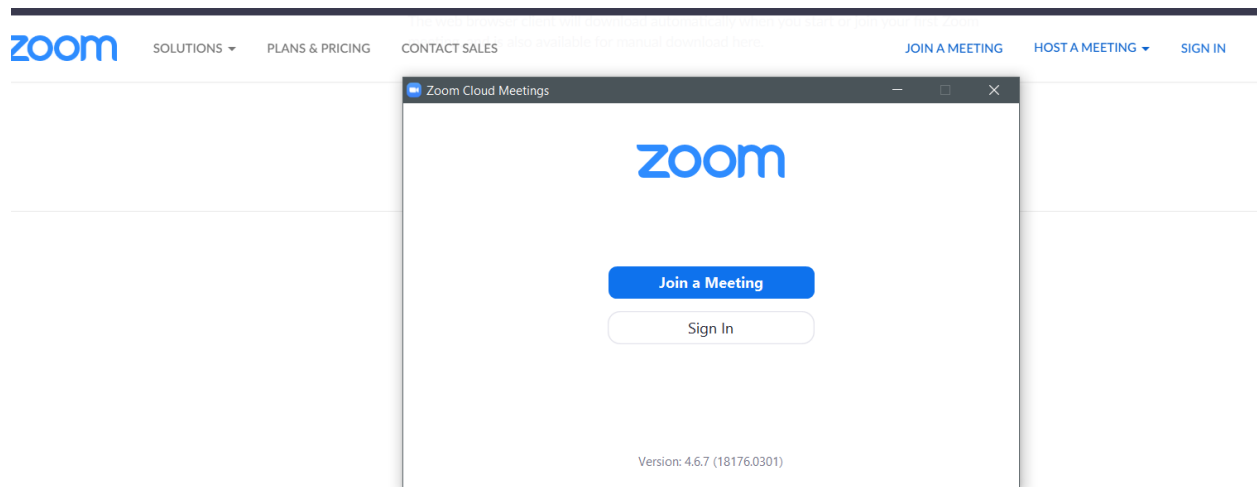

- 3) Click on the Zoom Installer in the lower left hand corner

4) Click on Run

5) Once the program is installed and you will see this page

- 6) You are now ready to join the meeting. You may exit this window, and you are ready to join the video call at your scheduled time. Then just look for the link sent from Phoebe staff in your email shortly before the call.
