

Terrace Talk Friday, March 8th – Friday, March 15th , 2024

Hi Everyone,

We are looking forward to reopening the dining room on Monday the 11th as previously planned. Though we do have some Covid-19 positive residents still in the building, the number of those both positive and exposed is much less and lowering with each passing day.

As many of you may already know, the CDC has updated their guidelines on Covid-19 to be more in line with other respiratory viruses such as the flu and RSV. We are currently examining how to move forward with this new guidance within our community.

Storage

For those residents with storage in the basement, please make sure that all of your items are stored INSIDE of your locked unit. As of April 1st, we will be doing Spring cleaning and any items left outside of the unit will be removed.

Elevator Repair Update

The elevator repair will now commence on

Monday, March 11th 2024.

As a reminder, the repair itself will be performed by Kencorp, our elevator vendor, and is expected to take approximately 5 days. After the repair is complete, the elevator will need to be inspected before it is made operational.

Library News

Two notes from Dorothy

1. Please retrieve your winter objects from the library. Thank you for making the library fun. If you have any rabbits, eggs, or baskets, they would be appreciated. As always, mark them with your name and place them where you like. If you can't reach the shelves, put you item on the coffee table and I will put them up.

2, I have placed the folder for "Terrace Treasures" submissions on the end of the lobby desk. I will accept submissions until April 10th hoping to publish by May first. If you are not familiar with our yearly magazine ask Dorothy for information and sample. If you have anything that needs to be photographed such as art or needle work call me to set up a time for me to visit your apartment. I look forward to showcasing your many talents! My number is 914847075397.
