

PHOEBE ALLENTOWN COVID-19 UPDATE FOR RESIDENTS

Date: 8/9/2024

To our residents:

We want to inform you that we have had **0 new** confirmed staff case(s) in the past 72 hours and **7 new** resident case/s. We have had **445** confirmed staff cases since the start of COVID-19 to date, and **592** confirmed resident cases to date. We will continue to update you if there are any new cases or 3 or more residents or staff with symptoms in a 72-hour period. We will continue to provide updates on our website, at least weekly.

The safety and wellbeing of our residents is our top priority. We are doing what we can to limit the spread of COVID-19 on our campus, including staying in very close communication with local and state health officials to ensure we are taking all the appropriate steps under current circumstances.

We are following protocols based on guidance from the Centers for Disease Control and Prevention (CDC) and the Center for Medicare and Medicaid Services (CMS) to reduce the spread and impact of COVID-19, such as:

- Enhanced infection control precautions
- Screening residents, staff, and visitors for COVID-19 symptoms and potential exposures
- Visitation and entry of people to the building
- Testing staff and residents for COVID-19
- Evaluating our dining and activity programming daily

This is a difficult time for everyone. We will continue to provide you with updates. Please know that we are adhering to guidelines from the local and state health departments, which continue to evolve as we learn more about this virus.

We know that you may have questions and we encourage you to ask them. Please speak to nursing staff, social services, pastoral care, and others should you have any questions or concerns. You can also call Phoebe's dedicated COVID-19 phone line 610-794-6049 or visit Phoebe.org/COVID19 for additional information.

Sincerely,

Joemel Torrillo, NHA

Nursing Home Administrator
